

\$60 Screening Package could save your life

CARDIOVASCULAR DISEASE is the number one killer of both men and women, yet most people think this only involves their hearts. Vascular disease involves the entire circulatory system – not just the heart – and, if not detected, can cause a stroke. BMH offers a complete vascular screening package for only \$60 by appointment in Beaufort and at our Bluffton facility. This is NOT covered by insurance.

The low-cost screening includes:

- Carotid artery scan.
- Abdominal aortic aneurysm scan.
- Ankle-brachial index scan.

If you are over 50 and have any of the following risk factors, you should be screened:

- High blood pressure.
- Diabetes
- High cholesterol
- Obesity
- Smoking
- Family history of vascular disease

Beaufort Memorial
HOSPITAL

Call **843-522-5635** to make an appointment, and let the scheduler know whether you would like to be screened in Beaufort or in Bluffton.
